01 / WHAT THIS PLACE IS

A PERSONAL KIND OF SHOP.

A shop built around Deon Monai's art and eye for the unexpected. Original canvases, thrifted clothes, playful objects and upcycled pieces all belong here.

ART WITH FEELING

The original series sets the visual language.

FINDS WITH CHARACTER

Wear, texture and personality have a place.

SECOND LIVES

Some things deserve another plot twist.

04 / THE MARKS

A NAME WITH PRESENCE.

URBAN
INTROSPECTION

BY DEON MONAI

Primary: stacked name with artist credit and spectrum line.

Compact: UI monogram for avatars, favicon and small labels.

Use the paper or ink variant for legibility. Keep clear space equal to the height of the artist credit. Avoid stretching, outlines or shadows on the logo itself.

05 / THE VISUAL RULE

KEEP THE DEFECTS.

Preserve the original figures, colors, strange anatomy, impossible textures and collage seams. Do not regenerate or retouch the source artwork to make it cleaner.

Full compositions lead the gallery. Crops can frame category graphics, but the full original stays available. Add motion to the presentation: lift, tilt, rotate and explore. Let the artwork remain itself.

06 / PACKAGING

A LITTLE MORE PERSONAL.

Thanks for making room for a little of my world in yours.

Keep the quirks. Wear the story. Make it your own.
